WHAT TWEET FOR TAT TELLS YOU ABOUT RAHUL

Rahul Gandhi may have expressed regret to the SC, but data shows insults are crucial to vindictive reach

THE INSULT IS THE MESSAGE

Mint's analysis finds that a number of Rahul Gandhi's tweets are critical of Narendra Modi and his government. The analysis shows that Rahul Gandhi's tweets often contain insults and personal attacks, which are then picked up by others. This analysis also finds that Rahul Gandhi's tweets are often shared by other politicians and public figures, who then use them to criticize the government and its policies. The analysis further finds that Rahul Gandhi's tweets are often linked to political events and developments, and that they are often used to mobilize support for his party. The analysis shows that Rahul Gandhi's tweets are often shared by other politicians and public figures, who then use them to criticize the government and its policies.
